PREFACE

IN presenting the **Fortieth Annual Edition of the City of Hamilton Directory,** we thank the business men and patrons of the Directory generally for the very liberal and enthusiastic support they have given us and for the substanial increase in advertising. As our last edition proved very satisfactory, we are quite confident that the present volume will be still more so, it containing more information, and no expense, time, or labor being spared to make it most accurate.

In the Miscellaneous Directory will be found the names of the new officers of the various societies, etc. In due time our canvassers will call on you for the renewal of your patronage.

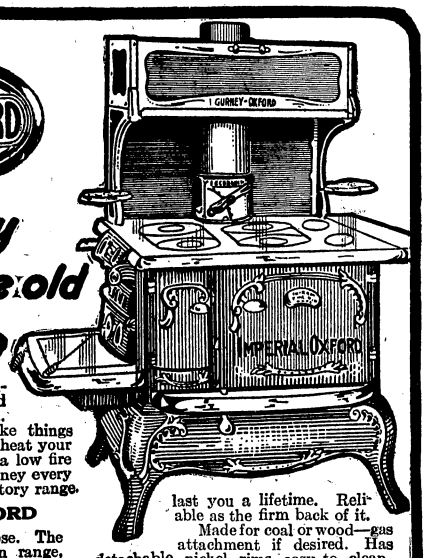

Wishing our subscribers a prosperous year, we remain,

Respectfully yours,

HENRY VERNON & SON,
127 Jackson Street West

JANUARY, 1913.

GURNEY-OXFORD

Don't try To make the old Range do

A makeshift cook-stove is always expensive. You waste food because it is not properly cooked. You waste time trying to make things right You waste fuel trying to heat your oven—or get a hot fire—or keep a low fire all day and night. You lose money every day you try to use an unsatisfactory range.

THE IMPERIAL OXFORD

Here is the range for your purpose. The one perfect—**all right** cast iron range, day in and day out, year after year Will last you a lifetime. Reliable as the firm back of it. Made for coal or wood—gas attachment if desired. Has detachable nickel rims, easy to clean. New device for removing ashes.

The OXFORD ECONOMIZER

which easily saves 20% of your fuel. No other device of the kind ever invented is worth so much to you in cold cash. You lose money every day you try to get along without it.

Come in and let us show you the Imperial Oxford with "Economizer" attachment. It means dollars and cents to you.

Other **Gurney-Oxford** stoves and ranges for every purpose and any kind of fuel. Get acquainted with the best known, best liked stoves in all Canada. It will be your gain.

Your Filing System Is Always Complete

but its capacity is not limited when built the "sectional" way. Only those sections which are required to accommodate your present records need be purchased, and, as more capacity is needed, extra sections may be added to your present equipment.

That is the way we have been building Filing Systems for the business men of Canada for more than 25 years.

HALF SECTIONS ARE TIME-AND-STEP-SAVERS

The convenience and utility of "Office Specialty" Half Sections have made them exceedingly popular with many office men.

A small stock of Half Sections may be placed close to your desk in which you can keep your private papers and business records to which you make constant reference. Half Sections occupy just half the space which our standard width sections require and fit conveniently in a space 17 inches in width.

Our catalogues describing our entire line of Time and Labor Saving devices are free for the asking. We will be pleased to send you your copy to-day. A note or phone message is all that is necessary to bring this to you.
